North Sulawesi Beachfront Quarantine Options

Listed in no particular order. These are not all the hotels offering quarantine, but these are the beachfront options that have returned information in response to my email. The information included below is provided directly by the hotel and you should follow up with them if you have any questions or inquiries. The accuracy of the information is the full responsibility of the hotel. No commission, fee or gift is received as a result of information provided here.

Scot Airlines flies twice a week (Wednesday and Friday) to Manado from Singapore. Current Covid-19 restrictions mean a Singapore transit requires connecting with Scoot from a Singapore Airlines flight (Scoot is a subsidiary of SIA).

Please note that some hotels are 10 nights while others are 9. Those located on offshore islands will typically arrange boat transportation to Manado and the airport the morning following the last day with testing. Contact the hotel for more information.
